

#9 DOUBLE WINDOW ENVELOPE COMPARISON

Features of our custom designed double window security envelopes:

- Purposely designed and manufactured to snugly fit computer checks and forms.
- Made from 70 lb. paper stock.
- Inside printed security pattern.
- Available in gum or self-seal and #9 and #10.
- Windows specially tinted for additional document security, providing a blurred image when the check/form is not directly against window.
- Two different sized bottom windows to best match your accounting software address field location.
